## Swimming Pool Is Not A Battleground

(By Bob Walsh)

Warren will have a swimming pool. It is an inevitable facility that will come to us through the obvious fact that it is the most wanted by the most people. The Jaycee survey proved that.

The fact is there was nothing new about the survey. Others had been made in previous years and the same conclusion had been reached. It ever is so in the average town that lacks one.

All this and much more is known because there have been those who have fought for expanded recreation facilities in Warren. They have been bucking the tide for a couple decades. They have made many studies, talked to authorities on such things as swimming pools, ice rinks, tennis courts, and the many other facilities most towns like to have.

The people we have known through these years who have worked the hardest have been selfless. They have done what they have done only because they have believed in a better community. There has been no thought of credit. The important thing is to develop a public awareness of the needs and the ways they can be obtained. Any cooperative effort that will accomplish these things always is welcome.

It therefore was with some concern that we read an editorial and a news article which appeared in the Warren Times Mirror last week. Both contained misinformation. Both would serve only to create bad feeling instead of the needed coordination that a community must have to move forward.

The news article said that a group which met in the YWCA last Wednesday night "voted themselves a whip and steering committee for the Borough Recreation Board which has had the public swimming pool under idle consideration since 1952."

The editorial in the same issue suggested that the Zonta Club chairman had been shunted aside and said that various groups had stumbled around with the idea since 1944.

### WHERE YOU BEEN?

That "idle consideration" phrase is an interesting one. Where was the Times Mirror when a large meeting was held in 1942 with all groups invited to take part. Warren's recreation needs were discussed and a recreation committee was formed in hopes of getting a bit of action started.

Where was the Times Mirror when its publisher was asked to spearhead efforts to do something about the lack of swimming pools, ice rinks, and other facilities?

To get the subject before the public it was necessary to go all the way to Jamestown, buy a half hour of time on the air, and run seven weeks of forums on Warren's lack of facilities. The local news medium was of no help.

Who was it that went before council many times and fought for help along these lines? It was not the Times Mirror.

Who was it that brought in the National Recreation Association, a group financed by wealthy citizens of this nation who recognize the needs in many communities? They have financed an organization which has the knowledge of experts and the experiences of many other communities to offer. With this kind of help available there is no reason to learn the hard way.

### FACTS, PLEASE

As a member of that 1942 recreation committee this editor is very

happy to see the organizations of this community joining together in a community project. This was the original goal of the committee.

The committee several times has approached influential men of Warren in hopes that they would head up cooperative efforts along this line. Always these citizens have refused.

We are happy, therefore, to see twenty-eight organizations so willing to take an active part in a need about which we have been writing, talking, broadcasting, debating, and pleading for too many years. We are certain no recreation board, commission, or committee will shunt aside the very thing for which they have been begging.

The Recreation Board has not, however, had the swimming pool under consideration since 1952, as stated in a front page story of the daily. The fact is, if the reporter who prepared the story knew his subject at all he would be aware that the board did not exist in 1952. It was created one year ago, September 12, 1955.

The board in that time has had swimming pool authorities in Warren to meet with members of the Jaycees and public officials. It was learned, and reported here, that outdoor swimming pools in this climate enjoy only sixty-five days of use in the average year. For very little more money a combination outdoor and indoor pool could be built to serve us every day of the year.

The Board has not waited for the school board to decide where it was going to build because of the site problem. It has been waiting to learn if it would be possible to make a drive for funds and include the pool as a part of the school, thus providing Warren with a much more practical facility.

The National Recreation Association was paid to make a survey of Warren and to come up with a long range plan for its recreational areas. Any successful business man will tell you that this was economy and is a far better approach than to have individual efforts rise up with sudden fires of enthusiasm and build a hodge-podge of impractical facilities that do not tie together in a common and well thought-out plan.

We wonder if the daily paper editorial staff, whose job it is to inform the public, has ever studied this plan.

Much sound thinking has gone into this subject. Much groundwork has been laid. We think it unwise for any group to start from scratch in view of what has been done and what has been learned. Certainly we all agree that it would be wiser to pool our knowledge, learn the facts, and obtain top quality.

### NO PLACE FOR PRIDE

And we think it very unfair and very damaging for the daily paper to stir up a battle of personalities over a subject that should be kept clear of credit lines. All of us should want the best there is for Warren. And all of us should be working hand in hand for that best.

### PURPOSE FULFILLED

And finally, we wish to remind you that what is happening now is one of the reasons the recreation board has been urging . . . a cooperative effort on the part of all local organizations. Here is Part 4 in the list of purposes of the ordinance which created a recreation

board:

"To create a lay board of citizens that can approach various interested groups and individuals in the community for volunteer help with the program and for financial support when necessary."

Thus it is made easier to obtain money for a public fund, without benefit of taxes, for the purpose of providing new facilities and to maintain those facilities.

It is not a one-man, a single organization, or a one-newspaper job. It is for Warren, and all of us should be happy that it is happening and should be willing to help.

RIGHT DOWN THE MIDDLE comes Connie Hultman and Warren moves ahead of Franklin, 6 to 0. The point was missed, Connie boomed fifteen yards for this one after Warren had knocked at the goal line through a major share of the first half.

HONOR SOCIETY OFFICERS. New officers of the Warren high school Honor Society are (l. to r.) Harold McNulty, president; Dick Aldrich, treasurer; Fran Wooster, secretary; and Mary Hughes, vice president.

GREEN PENNANT HONORS. A seal for an accident-free year (1955-56) was presented to Home Street school students in an assembly Tuesday morning. The same honor goes to all local elementary schools as this year's Green Pen-

nant safety program starts under the sponsorship of the State Police and local service clubs.

Pictured here are Margaret Schaffer and Jim Peterson, school patrol captains, who accepted the school's award and new pennant.

Behind the students are (l. to r.) Russell Hanson, Kiwanis club; Joe Mastrian, State Police; and John O'Harra, Rotary club. A. Anderson represented the Lions club.

LOTS OF ACTION. A steady rain did not slow up the action in the Sheffield-Northern area game on the former's gridiron Saturday afternoon. Here you see Coach Norge Luvison's Knights closing in on

McNeal as he plowed out 10 yards for the locals. However, it was his second straight run called back because of a violation. Northern Area won their opener, 13-0.

we're for "TOGETHER-NESS"

McCall's Magazine has a great idea in popularizing family "TOGETHER-NESS" — we're for it 100%. As family bankers, we know when a couple or a family really work together to achieve a goal, nothing seems to stop them. Families that save and spend, that work and play and plan TOGETHER, get there fastest, have the most fun going. We see it happening every day — like nothing better than to HELP it happen. Why not stop by TONIGHT and get "TOGETHER-NESS" working for YOU!

### FISH COMMISSION ASKS FOR MORE MONEY

The Pennsylvania Fish Commission is presenting a well rounded and comprehensive offensive to support its arguments for a \$5 fishing license. Newspapers have received releases that discuss the outlook with the present income, the outlook with a dollar increase, and the outlook with a \$5 license.

It also has gone into what \$5 means today, such as its worth at a ball game, three rounds of golf, two boxes of shells in hunting, and many other comparisons.

It uses three pages to list the commission's goals. It discusses personnel, commission reserve, salaries, and many other angles. A good case is presented, such as its statement that reality must be faced. If not and a small increase is asked, the commission will be back in a few years asking for more and sportsmen will want to know why it didn't ask for enough in the first place.

Close to 700,000 people fish in Pennsylvania, and the number is growing as people work shorter hours and look to the outdoors for pleasure. They also are buying property along streams, and many are building homes there. Or at least they are building homes to serve them a major share of the year.

This works in reverse as far as the average fisherman is concerned. Accessibility to streams and lakes is becoming more difficult and the actual fishing area is shrinking to less per fisherman.

America is becoming less of a wilderness every day and if the outdoor pleasures that involve guns and rods are to be continued, public lands and waters must be preserved and created. And in hand with that is the need for rights of way to public waters.

We may not be in as tight a shape as Europe and we don't want to get that way. In many European nations such pleasures as fishing and hunting are very much confined to the wealthy class. The poor are given little opportunity for such fun.

It is natural for the individual to want privacy. If you were to buy a small farm through which a stream flowed, and if you built a fine home on the land, with recreational facilities, it would be natural for you to be protective. You and your family probably would not want fishermen camped in your front yard, or tying boats to your private dock.

Because of this the state must provide waterside plots, and must create lakes that are for public fishing and boating. Those who wish to build camps nearby would be forced to accept them as public waters and build back from the banks.

\*\*\*

The Commission also advocates a trout stamp. Trout are more difficult to stock and to rear in their natural state. The warm water fish multiply nicely in the larger streams and lakes, but trout must be stocked regularly. It is thought that those who enjoy a special branch of public service should pay the extra cost of providing it. Some states already are doing this, Michigan, Indiana, New Jersey, Delaware, and Tennessee.

The same goes for boating. It has been suggested to the Commission that there should be both a motor license and a boat license. And it also has been proposed that boat operators pass examinations the same as car drivers, and that uniformed officers patrol our waters to guard against careless, reckless boaters. Such licenses would pay these special costs.

\*\*\*

If we understand the Commission's proposal, the \$5 fee would be used to finance a ten-year plan. At the end of that time the needed changes would have been made, land and waters obtained, and a fair appraisal could be made of future needs.

Of course the basic needs for more money are the usual ones, such as the price of labor, a warden costing \$1361 ten years ago now receives over \$4,000. Hatchery salaries and wages alone cost the Commission less than \$300,000 ten years ago. Now they cost almost \$700,000.

Real estate, trucks, typewriters, food, and anything you want to name has increased greatly, most of the items as much as 100 per cent or more. Salaries are up 143 per cent, food for hatchery fish is up at least 170 per cent, real estate has increased 70 per cent, and construction costs are up 116 per cent.

Meanwhile, licenses have gone up 67 per cent.

Obviously you can take these figures and present a good case for an increase of no more than a dollar to meet the percentages. In 1946 the license cost \$1.50. It now costs \$2.50. A \$1.00 jump would make the increase a total of 134 per cent since 1946.

But the Commission is looking to the future and even more costs. It is not satisfied just to meet the cost of current facilities and the

current program.

It wants to add more facilities, expand the program and prepare for the day when fishing will be more popular but facilities will be less prolific because of natural encroachments of a growing nation. To have what the fishermen want

in the future the Commission says, pay \$5 for a license, buy a special stamp for trout fishing, and pay for licenses on all kinds of boats. You, the fishermen, as individuals and through your organizations, should decide if the proposals are what you want.

The pride of your building or remodeling plans—  
a modern built-in gas range  
with the sensational new  
burner with a brain

Brand new home? Smart new kitchen? Neither is complete without the modern beauty of a flexible built-in gas range! The built-in gas oven goes right in the wall, with controls at convenient eye-level. The range-top fits into any countertop, puts surface burners where you want them.

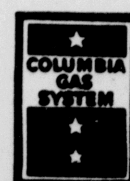

The burner with a brain is featured in gas built-ins, too. This

thermostatically-controlled top burner turns the flame up or down automatically to maintain whatever cooking temperature you set on the dial. Foods won't burn, scorch, stick or boil over.

Easy to install! A built-in gas range fits any standard cabinet you choose. A gas built-in is most popular because it's most modern—cleaner, cooler, thriftier.

See the gas built-in models today at your Gas Appliance Dealer!

QUARTERS for the Muscular Dystrophy fund drive was set up at Caprino's TV and Appliance store on the east side. From this location area firemen and store employees took calls in connection with the MD Telethon over Buffalo television station WGR. Local contributions netted over

\$1,050.

Among those accepting calls between 10:00 p. m. Saturday and 4:30 p. m. Sunday were Charles Ferrera, Caprino's store manager at the left, and Ray Yaegle, secretary of local 1093, International Association of Firefighters.

## TE LA DI O

### COLOR TV

Hope for color television within the range of the average family budget is not beckoning to us at the year's end, nor does it seem visible in 1957. An RCA spokesman has been quoted as saying that he does not expect the 1958 sets to be any cheaper than they are today. In fact, says he, they may cost more!

It is a vicious circle, of course. Until there are more sets it won't pay to have programs. And until there are more programs it won't pay to buy a set. The old master of prices, production, is thwarted.

However, if a few geniuses come through with some economical changes in set manufacture, the story may change. And with big money awaiting the first to crash the color barrier, it can happen.

Meanwhile, we mere humans must await developments with the slight solace that more color programs are appearing, though few of us are equipped to enjoy them. On WBEN next month, in addition to the Marion Roberts and Meet the Millers shows, which are color, there will be the Red Skelton Show, Arthur Godfrey, Ford Star Jubilee, Climax on October 11, Bob Crosby Show, and Climax on October 25, all in unnatural colors.

Here in Warren you can see the Johnstown presentation of Warner's Fall Fashion show by visiting Betty Lee on Saturday. It will last from one to two, and will be made available to you in the store through the cooperation of Betty Lee, C. Beckley, and Warren Television.

NO TIME TO ANSWER  
We watched a political program

that is seen on WBEN Sundays, at 5:30, in which national figures from the two major parties debate the issues. It is a most unsatisfying experience. Any man in the know can fire so many single phrase attacks that his opponent cannot possibly answer them satisfactorily in four minutes.

It is the kind of exchange in which the catch phrase and the short attack that requires a long answer excel. And of course prove nothing. Last Sunday Senator Knowland used all the old whipping boys to throw at Governor Harriman, such as the Yalta treaty and we have prosperity.

We believe it would be fairer if two leaders were chosen to discuss an issue instead of a dozen scattered ones. Let an authority from each side take on a problem and stay with it. The public would learn much more about the subject, attackers would have to prove their points, and some constructive good might result.

### NICE GOING

The last we heard WGR's muscular dystrophy program had yielded over \$150,000, far above the \$100,000 goal. Similar success now is hoped for when the Buffalo Community Chest and Red Cross appeal will put television characters to work. Robin Hood and Maid Marian will be brought to Buffalo to dramatize the campaign.

### COMING BACK

The Rev. A. L. Kershaw, \$64,000 winner, and now defending his jazz expert championship on the \$64,000 Challenge program, is the first lecturer to be signed by Chautauqua for next summer. He will do a series of lectures in the morning during the first or second week.

He is pastor of the Holy Trinity, Episcopal church of Oxford, Ohio, and chaplain for the George Lewis New Orleans Ragtime Band.

### DIAL SPINNERS

The Romper Room debut Monday over WGR-tv, with guidance for pre-school children. It will be seen from 9:30 to 10 a.m. And you gentlemen might be interested. The teacher will be a soft-spoken, honey-blonde, named Pat Schrier.

Dance Band Remotes will be done by a Chicago tv station. An idea that went over big a few years ago on radio. Bands in the hotels will be used.

A Religious Symposium will be seen Sunday at 3 on WBEN. In observance of Religious Education Week, several religious leaders will discuss the many symbols used in their church, synagogue, or temple of faith.

Jack Benny pops back Sunday to open his new season of shows. And Studio One launches its ninth season Monday.

Bette Davis and Bob Considine will be the Person to Person combination this week.

Championship bowling can be seen on Johnstown Monday evenings, from 11:10 to 12:10. It starts October 8.

It will be Notre Dame football every Saturday afternoon over WGR's radio waves. It starts this Saturday with Southern Methodist as opposition at 9:45 EDT.

### Excellent Variety In Jaycees Series

A famous European choir, a noted American baritone, and a piano virtuoso will be enjoyed this winter by the 400 members of the Jaycee Concert Series.

The Singing Boys of Norway, one of the most famous European choirs of boys and young men, will appear in concert on Monday, November 26 to open the local series. On January 9, Boris Goldovsky, brilliant and affable master of ceremonies for the "Opera News of the Air" will bring his "Piano Portraits" to Warren. And on February 13 local members will hear the world famous singer William Warfield in recital.

Mr. Warfield has made over 300 appearances in recital and as soloist with major symphony orchestras since his debut in 1950. He achieved additional fame for his rendition of "Ole Man River" in the MGM movie production of "Showboat" and toured the United States and Europe in the role of Porgy in Gershwin's opera "Porgy and Bess".

The Singing Boys of Norway, organized in 1927, have given more than 2,000 concerts all over Europe and have sung three times at the International Music Festival at Salzburg, Austria. In 1952 they toured the United States with great success and are now making their second American tour under the sponsorship of the Ambassador of Norway in the United States, His Excellency, Wilhelm Morgenstierne.

The young singing Vikings usually appear first in sailor suits, then change into gay Norwegian national costumes with rich embroideries in red, blue, yellow and green. The choir has become famous for its unusually fine soloists and for its distinctive Scandinavian "flavor".

Boris Goldovsky, in his "Piano Portraits", covers practically the whole field of piano literature from Scarlatti to Bartok. The program is a great favorite with lay audiences, as well as with teachers and students. In these performances, which are interspersed with fascinating and humorous information, Goldovsky keeps the music come alive for his audience.

MR. AND MRS. H. G. LITTLEFIELD

Beverly Jean Taft, daughter of Mr. and Mrs. Walter Taft, 51 Locust st., Warren, became the bride of George Harold Littlefield, son of Mr. and Mrs. H. E. Littlefield, Frewsburg RD 1, on Saturday, September 8, in the Emanuel Evangelical Reformed church.

The bride, a 1953 graduate of Warren high school, attended Heidelberg college for one year and is presently employed at Sylvania Electric Products, Inc. Mr. Littlefield was graduated from Frewsburg high school, served two years in the Marines, and is now engaged in farming.

After a wedding trip to New England, the couple will make their home at Frewsburg RD 1.

## OBSERVE 50th ANNIVERSARY

HAPPY ANNIVERSARY. Burgess William E. Rice cut the ribbon to mark the observance of Stein's open house and 50th anniversary Wednesday evening. Looking on are E. L. Stein and Raymond Stein.

It was in 1906 that Mr. E. L. "Ernie" Stein came to Warren from Clayton, N. Y., and purchased a ladies' shop with general merchandise from J. M. Shearer at 209 Liberty st. Last evening, under the management of a son, Raymond, Stein's women's apparel shop observed open house on the occasion of its 50th anniversary.

Looking back to 1906 again, Mr. Stein returned to quality merchandise and remodeled his store several times until 1930. At that time he purchased his present store at 344 Pennsylvania ave., W., and remodeled it completely.

In 1933, after graduation from the Pennsylvania State University, Raymond Stein joined his father in the store and remained there as store manager and later as a partner.

In the late 40's the store was completely remodeled into its present carpeted, modern conditioned, blond oak paneled, modern ladies' shop.

OLD AND NEW LOOK. Stein's store progressed over the past 50 years as did the ladies' dresses. They are (l. to r.) Miss Betty Currie, Miss Carol Amacher, Mrs. Elaine Massa, Mrs. Ray Stein and Mrs. Dana Harland.

AIR FORCE RESERVE. Local members of the Intelligence unit of the U. S. Air Force Reserve meet in the high school Tuesday evenings to train on latest procedures.

In the unit are (l. to r.) first row--Col. Edward Ayers, Captain Robert E. Geiger, commanding officer, Lt. John Haggerty, Lt. Cliff Mader and Capt. John Newmaker; second row--A 1/C Bill Bower, Sgt. Bernard Winegardner, Sgt. James McNally and Sgt. Ken Carl-

son; third row--Sgt. Eugene Lucia, A 1/C Don Clymer, Sgt. Don Fitch, Sgt. Martin Sisk and A 2/C K. Harrington.

**REGISTRATION** for evening courses at Warren high school will begin at 7:00 p.m. Monday, September 24. The courses will fall into three groups, including those for which the Pennsylvania State University provides instructors. The latter will include courses on fuel technology, petroleum refining and metallurgy.

Other courses will be taught by the high school faculty where at least 20 people enroll for a particular subject.

**PEOPLE IN THE NEWS**, James M. Johnson, 111 Franklin st., Warren, was among over 850 students to receive a diploma from the University of Michigan for completing work at the end of the 1956 summer session. He earned a Master of Arts degree.

John Powley, 301 Pennsylvania ave., W., Warren, was elected to a 14-man committee chosen from among 3,800 Nationwide Insurance agents to attend conferences with company executive in Columbus, O., Tuesday and Wednesday of this week.

**FAVOR NEW HIGH SCHOOL.** Parent-Teacher associations of McClintock and Jefferson schools went on record at their regular meetings Monday night as being in favor of a new high school on a new site.

**WHS PERSONALITIES.** Class officers were recently elected at Warren high school with the following results. Senior Class--Ann Put-

nam and Ray Bennett, co-presidents; Marga Morrison, secretary; and Harold McNulty, treasurer. Junior Class--Jane Harrington and Bill Bevevino, co-presidents; Susan Van Volkinburg, secretary; and Jack Suppa, treasurer; Sophomore Class--Patty Lanman and Joe Massa, co-presidents; Kathleen Walters, secretary; and Don McKelvy, treasurer.

A senior, Rita Musante, has been named editor-in-chief of the 1957 Dragon yearbook. Other officers are Henry Lanman, Tom McCune, Jim Mathis, Norma Sponsler, Janet Whitmire, Barbara Greenwald, Betty Delong, Toula Fanos, Mary Hughes, Carol Briggs, Jim Griffin and Tom Schaffer.

**WARREN COUNTY FIRMS** and organizations have contributed \$1,000 to be used to further the fight which is being waged to keep Route 6 on the Federal Interstate System of Highways. The money is being added to funds collected from other northern tier counties for the "Save Route 6 Committee."

The executive committee, which includes Charles Tranter of Warren, is still waiting for an appointment with Governor Leader so that it may present petitions and make formal request for preserving the northern route on the system. The governor has asked the federal government to take it off the system and substitute a highway from Sharon to Stroudsburg.

**A MEETING** of local citizens interested in retaining the Warren Concert Series has been called for 8:00 p.m. Monday at the YMCA by the Jaycee music committee.

It was revealed earlier that only 400 memberships have been sold to the 1956-57 series. Beatty auditorium holds 700 persons. Although three outstanding artists have been engaged for this season, the committee has indicated it could not operate the following year without a larger membership.

At Monday night's meeting it will be decided whether or not to hold another membership campaign this fall in an effort to sell out the house and put the series back on its feet financially.

**IN THE SERVICE.** JoAnn Martin, 19 year old daughter of Mr. and Mrs. Joseph A. Martin, R.D. 1, Pittsfield, was enlisted into the U. S. Navy Waves in Buffalo, N.Y., September 10. She is now undergoing nine weeks of basic training at the Wave training center at Bainbridge, Md. Miss Martin graduated from Tidioute high school in the class of 1956.

**NO DECISION.** The ambulance committee of Warren Borough Council met in an afternoon session Wednesday but still didn't arrive at any decision on what to do when the funeral directors drop the service midnight, September 30. The group will meet again next week.

**STATE POLICE CHARGED** George Warr, Warren-Kinzua road, for

driving while intoxicated after he plowed into the rear end of a car driven by John Leathers, also Warren-Kinzua road, at 5:10 p. m. Saturday. The latter had stopped to turn into his driveway when the incident happened. Damage amounted to \$500.

On Sunday, seven miles north of Youngsville on Route 27, Elmer Peterson, 568 Crescent Park, Warren, went off the highway and caused \$200 damage. And on Monday, four miles north of Warren on Route 69, Carl Ballerstein, Wellsville, N. Y., hit the rear end of a car operated by Jacob Stigers, Kane.

**REPRESENTING WARREN** County at the first annual Pennsylvania Junior Dairy Show at Harrisburg today are Amy and Nancy Curtis, Columbus, and Kenneth Downey, Corry. They were blue ribbon winners in the district 4-H and FFA dairy show.

**FARMERS ARE REMINDED** that the deadline to file for a refund of taxes on gasoline used in farming from January 1 through June 30 is set for October 1st. The claim, Form 2240, is available at Internal Revenue offices and County Agents' offices.

**ABOUT \$5000 DAMAGE** was caused when defective wiring caused a fire in an upstairs bedroom of the Madigan home on Cayuga ave., Warren. Four members of the family, sleeping downstairs, were awakened by a neighbor who also summoned the fire department to put out the blaze.

**RETIRING.** Senior Major and Mrs. Charles Schaffer, who have served the Warren Salvation Army for over the past 10 years, are retiring from active duty October 6. The well-known couple expect to continue living here. They were honored at a farewell dinner by the local corps Tuesday night.

**NORTHERN ALLEGHENY** Broadcasting Co. has made application with the Communication Commission in Washington, D. C., to open a radio station in Union City. It would operate on 1430 kilocycles at 500 watts. The application was made September 18.

**A SENTENCE** of six months to a year in the Allegheny County Workhouse was suspended when Clifford Jenkins, Kinzua, pleaded guilty to a burglary and robbery charge in court last Friday. He was placed on probation for one year.

Four other men also pleaded guilty and were sentenced. Forest E. Dunham, Warren, was given two days in jail and ordered to pay \$100 fine and costs on a drunken driving charge.

For driving during a period of license suspension Harry Sine, Warren, was sentenced to 20 days in jail and costs of prosecution. Arthur Wilson, Warren, accused of burglary, was handed 30 days in jail. And William Dodge, Clarendon, also facing a charge of driving during license suspension, was sentenced to five days in jail and to pay a \$100 fine and costs.

**A RADIO FORUM** to discuss current issues is planned by the Warren Junior Chamber of Commers. The Jaycees also decided at their meeting last night to aid the borough council in recruiting auxiliary firemen to assist the paid hosemen. President Geiger was asked to name committees for both projects.

Reports were heard on plans for vote registration, the tennis tournament, the Halloween parade which will be held about October 31, and the activities of the citizens committee for a new high school. A meeting of the turkey shoot committee will be held at eight this evening in the YMCA, to which all interested participants are invited.

**A HIT AND RUN DRIVER** was apprehended by borough police officers Saturday night, about 24 hours after he had sideswiped a 1956 Cadillac convertible owned by Anthony J. Lucia, 231 Oneida ave.

When questioned by police, Robert Klakamp, 18, Jackson st. ext., admitted committing the violation.

A witness reported that Klakamp came around the corner onto Oneida ave. Friday evening at a high rate of speed and struck the Lucia auto. The driver later admitted that following the occurrence he went out the Sherwood Refinery road, then up Cobham Park, and finally over to Jackson st. ext. where he spent the night.

Early Saturday morning the car was parked against a friend's house on Fifth ave. to conceal the damage. Klakamp was nabbed by Officers Fitch and Schmader Saturday night.

**FINAL VOTING REGISTRATION** figure for Warren County is 19,173. Broken down this lists 12,878 Republicans, 5,800 Democrats, 349 non-partisans, 143 Prohibitionists, and three Socialists.

**CONEWANGO SUPERVISORS** have been informed by the Department of Forests and Waters that their request for an emergency flood control project has been conditionally approved.

The report indicated the state would clean, widen, deepen, and realign Jackson Run from a point about 300 feet above the bridge on Route 62 at Venturatown to Camp Jefmore. The improved channel would cover a distance of 5,000 feet with a minimum bottom width of 50 feet.

While this work would be done by the Department, the township must provide the stone for the blanket riprap section of the project on the left bank of the new channel. The supervisors agreed to sponsor the project.

**SWOLLEN WATERS** of Dutch Run claimed the life of a five-year-old boy Saturday afternoon as he played with his friends. The victim was Howard Robert Matha, son of Mrs. Mildred Matha Filegar, of Jackson Run Road.

The child was playing with a brother, Norman, near the stream when the drowning took place. Norman was in a field near-by and heard the splash.

The parents were summoned by the brothers. Merel Filegar, a step father, tried artificial respiration on the child and the North Warren fire department was called. The body was in a five foot pool dug by the heavy rains this summer.

**OPERATIONS** are continuing at the Thomas Flexible Coupling plant in Warren, despite the strike being staged by some 30 employees. While the strikers have formed a picket line for two weeks now, about 50 plant workers are on the job daily.

A hearing with the NLRB is expected in the near future. The strike is believed to have started over the dismissal of an employee.

**YES, SNOW.** It was reported here at 7:30 this morning that Erie was covered by a light blanket of snow and hail that residents hoped would quickly melt away.

THE SCIENCE ROOM at the school is modern and even equipped with a photographic dark room. Here you see Mr. Redin conducting a tour for his new chemistry students.

TWO WELL-EQUIPPED home economic rooms are available for the Eisenhower pupils. These girls are listening to words of advice from Mrs. Lassinger.

THE TRANSPORTATION SYSTEM of the Northern Area school system is being reviewed here by the administrative staff. Left to right are Norge Luvison, administrative

assistant; John Binney, assistant principal; Everett Landin, supervising principal; and Harold Landin, high school principal.

SAFE DEPARTURE. A spacious drive permits school buses to pick up students safely in front of the high school.

THIS CORNER VIEW gives you an idea of the size of the gymnasium at the school. Like Beaty Jr. high school, the gym can be divided in two for boys' and girls' classes. Its seating capacity will be 1000 when it is completed.

Also incomplete at the school is a beautiful music room and an auditorium that will accommodate 600 persons.

### DIGNIFIED PEEP SHOW

People who can't be lured onto television under any other circumstances are increasingly willing to appear on "Person to Person" which -- with Edward R. Murrow at the helm -- has a sort of snob appeal which other commercial television shows can only aspire to. Opening its fourth season on television, Murrow last Friday presented two vividly contrasting personalities -- Frank Sinatra and Joseph Welch.

The particular gimmick of "Person to Person" is to present people -- some of them famous, some of them not -- in their homes, and you could hardly find two homes of greater disparity. Sinatra's home, which is just finished, was ultra-modern, unlined in, and looked a little like one of those model homes they put up on Park Avenue, edifices you're supposed to walk

through without touching anything. Sinatra, who admitted he was seeing the place for the first time, showed us through a kitchen which not only looked as if nothing ever had been cooked in it, but as if nothing ever would be.

Welch's home, on the other hand, is a large rambling structure that has obviously been lived in for many, many years. Welch, whose wife is ill, showed us through the place, pointing out the accretions that time had made on it -- his son's collection of ship models that hung everywhere, his own collection of barometers and weather gadgets. Time does things to a house that decorators can't do.

It does things to people, too. Sinatra, for instance, who was a vast success when he was quite young and became a "Peck's bad boy" for a while, has been greatly mellowed by success and an Oscar. He was very charming, informal and at ease. It was only the house that seemed ill at ease. On the other hand, Welch, the old New England charm boy from the Army-McCarthy hearing, is developing into a bit of a ham.

One thing about Welch that doesn't change is his courtly New England English which in itself is a reflection of the man himself. "After thirty-two years (at the Bar), I have found that most people are honest and decent. If you are suspicious and distrustful, they think you want to be paid off in fraud and deceit and they'll pay you off in that coinage."

Another endearing quality about the Boston lawyer is his unabashed delight in his new fame, which has opened up a whole new life -- "new faces, new adventures" -- for him at a time of life when most men have nothing much new to look forward to. "It is just incredible that I should have more and more fun. If I had any more fun, I'd feel I'd cheated fate itself."

It was a charming inaugural, one of the better examples of a show that can sometimes be quite dull. "Person to Person" is peephole journalism of a very dignified sort. While I applaud the dignity, I sometimes feel that Mr. Murrow and his associates ought to peep a little further -- not necessarily into their subjects' private lives, but possibly into their private thoughts. What revelations are made on this show are mostly unwitting and, while these are fun, an occasional tough question wouldn't be altogether out of order.

"Wide Wide World" also opened a new season, scampering around the country as usual, from New York to Chicago to Denver to San Francisco. In addition, this time "Wide Wide World" attempted to justify its name by trying to bring in a picture from England. We saw a group of shacks on Long Island where men stared at monitors on which white lines wriggled, but no picture appeared. Another attempt in what is admittedly no more than a scientific curiosity

even if it works, will be made two weeks from Sunday.

As a show, "Wide Wide World" is getting appallingly pretentious, especially in the prose department which somebody has inflicted on Dave Garroway. Discussing a train man who guards a lonely crossing in Wyoming, Garroway perorated: "How long has it been since the man said hello? What memories walk beside him? What face does he see

but the face of the land? How many trains have come and gone? How many more will you wait for?"

The whole show was punctuated with this Gads-The -Wonder-and-Mystery-Of-It-All sort of prose which sounded as if it had been written by a man whose mother had been frightened by Carl Sandburg. An hour and a half of this sort of thing can get mighty tiresome.

LAST WEEK'S OBSERVER carried the picture of the demolished car of A. Roger Donaldson, Warren, after he failed to negotiate a curve at Weldbank.

This picture shows you where he (as many others have done) wound up in George Kitelinger's garage. Note the piece of telephone pole the car carried nearly 100 feet before hitting the garage. A tree, shrub and house porch also had their share of the mix-up.

RECEIVING his designation as a naval aviator from Navy Capt. P. E. Hartmann is Marine 1st Lt. Stephen S. Eisenhower, the son of Mr. and Mrs. L. O. Eisenhower, 18 Pickering St., Sheffield. Lt. Eisenhower's wife, the former Miss Barbara L. Ritchie, was present to pin on his wings August 22 after he had completed 18 months of flight training. A graduate of the U. S. Naval Academy, he has been assigned to the Marine Corps Air Station, Cherry Point, N. C.

Capt. Hartmann is the chief of staff of the Naval Air Basic Training Command at Pensacola, Fla.

HELLO THERE! A Massachusetts driver crashed a red light (for which he was charged) late Saturday afternoon and sent this Pontiac of Frank Russo, 12 Morrison st., on a rampage at the intersection of Fifth ave. and Market st. The out-of-town driver, Chester H. Jones, Jr., failed to stop for the light and struck the right rear of the Russo auto as it proceeded west on Fifth. The latter car in turn was swung into the side of a third vehicle operated by R. R. Bimber, 204 Monroe st., and wound up over the curb on the northwest corner.

Total damage amounted to nearly \$300.

### JUNIORS STARTING

Boys from thirteen to nineteen years of age will register for the American Junior Bowling Congress league this Saturday at the Penn Bowling Center. Registration will take place at 12:30, and bowling will start at one. Registration fee for the AJBC is 25 cents. Affiliation with the national association has many advantages including the national events, most of which are rolled at home, with teams wiring their scores in to the central office.

\* \* \*

### LEAGUE LEADERS

Paul Coppola had 246 and 650 in the Men's City league to top the week's scoring. Pete Juliano had 622 and Wilbur Riggs fired 615 in the Commercial. Pete then hit 610 in the Industrial and Bill Mass fired 606 in the same loop.

Vern Mellander opened the Merchants league with 595. Tony Bonavita spilled 575 in the Ex-Service-men's, Bruce Frost had 574 in the Sylvia, Chuck Halle rolled 566 in the Junior Industrial, where Ralph Hoffman has a 135 triplicate, and Don Sherwood led the Metzger Wright league with 426.

\* \* \*

### LADY FLINGERS

Rita Miley was the lady of the week with 208 and 558 in the Major. Rose Juliano had 511. Betty Gray led the City league with 205 and 522. Rita Miley rolled 503.

Marilyn Johnson led the Minor with 444, Stella Lacy topped Peg's league with 431, Pauline Hedges and Edith Magee tied for the C leadership with 354.

John Carbon led the mixed league with 532, and Caryl Peterson had 373, to pace the ladies.

MRS. ALICE CARSON BORTZER, 79, of Pleasantville RD 2, died Mon-day, September 17, at the home of her son in Titusville. Services will be held today (Thursday) at 1:30 p. m. in the Mt. Zion church in Tionesta.

MELCHOIR ANDEREGG, 87, of 112 Main st., North Warren, died Monday, September 17, at the family home. Funeral services were held at the Templeton Funeral Home on Wednesday.

TD NO. 1. Quarterback Olson hit Rowland, center, with a short jump pass that resulted in a 60-yard touchdown play for Northern Area over Sheffield. The action took place in the second quarter.

Frank Funair, well-known John-sonburg coach and former star with the Warren Red Jackets, is the of-ficial.

Appraisal Committee Makes Recommendation

An appraisal committee has deter-mined \$201,600 as the percentage of reimbursement the Conewango Township School District should re-ceive from the Department of Public Instruction on the proposed addition to the North Warren elementary school. The figure was reached after a three-man committee ap-praised the present eight-room ele-mentary building in North Warren Tuesday.

This figure will be recommended to the state and, of course, is sub-ject to state approval and adjust-ment.

The proposed addition to the school has been given the preliminary "go-ahead" from the state and bids will be opened September 25th by the Conewango Township school building authority which will sell bonds to finance the school build-ing.

The addition, architectural plans for which were presented two years ago and have undergone only slight alterations, will consist of four classrooms and a general purpose room that will also be used for a cafeteria.

At the present time the fifth grade class at North Warren is convening in the Community House and the sixth grade at the Star-brick School. The addition is an obvious necessity, but will unfor-tunately leave the elementary stu-dents without a play area.

The committee making the ap-praisal consisted of Carl F. Welch, Department of Public Instruction; Robert Crossett, North Warren, representative of the school dis-trict; and H. J. Sherwood, super-visor principal of Brokenstraw Valley Joint Schools.

## Observations

By Bob Walsh

### "PRESSURE"

Strange is the one who asks for public opinion, but labels it as "pressure" when public opinion finds a medium through which to express itself.

Strange is the newspaper which invites letters on a subject to learn what the public wants, then, except for a selected few, does not print the letters, and leaves out parts of those published.

However, what good is public opinion if your philosophy is that represented in a recent daily paper editorial, which expressed the hope that committees, civic groups, and persons would confine their activities to gathering information the school board may have overlooked, and hoped that such groups and people would not usurp the duties and functions of our elected representatives.

In a democracy where these gentlemen are elected, we doubt if anyone can usurp their duties. But we are quite sure that a democracy gives every citizen the right to express his opinion and to tell his elected representatives what he wants.

We also are quite certain that it is the citizen's legal right to join a group which makes a specific study and as a result uses its knowledge to determine what is best for a

community. Having determined what it thinks is best we also are convinced that it has every right to tell both the general public and the elected officials what it has learned.

If this is "pressure", long may democracy do an intelligent job of "pressuring".

\*\*\*

### AND THERE IS A NEED

All of us should respect good leadership, and by good leadership we mean intelligent, courageous officials. However, there will be less need of courage and a greater ability found in our governing bodies if those elected are chosen and "pressured" by an informed public. This, of course, is a job to which a free and enlightened press can contribute much.

If you think there is no need for information and if you think that public officials should be left completely alone to go their way after the day they are elected, why not examine the past? Have the decisions of our officials always been wise ones? Do you not think that a little of the best kind of "pressuring" could have benefited our town or county at a few points in past and recent history?

The policy of ultra conservatism and penny-pinching has cost Warren millions of dollars. We could have built a sewage plant for a fraction of what it now will cost but we chose to postpone the job. We could have built schools with far greater foresight and for less money than it now will cost us to make changes. Beauty is a very excellent example.

We could have had an athletic field for a fraction of what it would cost today. And don't say we didn't have the money for these things. Warren always has been in good financial condition, never heavily in debt, and always well represented by a high percentage of wealth.

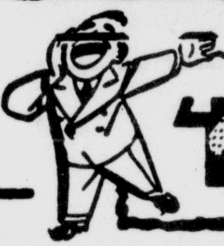

Yes, there is need for an enlightened public, and for groups through which it can express itself. To whom will these groups do this expressing? Elected officials and their appointed boards, committees, and employees, of course. This is "pressuring"?

hoped that groups and such would not usurp the functions of officials, a few days later relished the thought of numerous groups serving as a whip to a board of citizens who were chosen for their knowledge of a subject by duly elected representatives.

If this board needs whipping, we will go along. But we believe a more consistent editorial policy would be very helpful to a public which by now must be somewhat confused by the stand of some who have the responsibility of providing

Why is it ethical to use organized groups to whip one board and not ethical to "pressure" another? Why is there fear that the functions and duties of one board will be usurped, but apparent encouragement given to such a procedure in the case of another?

There is one thing we like about this rhubarb, though. It is nice of the opposition daily to provide us with such an inexpensive boon to circulation.

## BUYERS' CORNER

### TAXING 'EM OUT?

The Pennsylvania State Chamber of Commerce, which is inclined to promote the idea that the state is taxing industry away from its borders, has an interesting page in the July-August issue of its news report, a small publication it circulates among its members.

On page 13, under the heading of New Business Incorporations in Pennsylvania, it lists new corporations with authorized capital of \$50,000 or more, and not including retail, contracting, and service establishments, which came into existence in this state during the period from March 29 to July 26.

There are ninety-three of them! Their total capitalization value is over 14 million dollars!

And in just four months! Is this scaring them away?

If so, let's scare some more.

### SHEFFIELD LOSES

Sheffield definitely is about to lose another major industry. Jafco Marine, Inc., which has been tapering off its boat-building in its Sheffield plant now definitely is planning to cease all operations at Sheffield and to vacate the premises during October.

Somé had hoped that a merger with an eastern boat manufacturing concern might not go through and Jafco would resume operations at Sheffield. The latest company statement refutes that hope.

### HOPE SPRINGS

Here we go again. A publicity release from the American Waterways Operators Inc. publicity office in Washington says the Pennsylvania Planning Board will survey the feasibility of linking the inland waterways of Western Pennsylvania with the Great Lakes by a barge canal. It mentions the Allegheny River Improvement Association which advocates the Allegheny-Genesee river route. (The excessive cost of that one has been very well laid bare by engineers in public meetings, committee investigations, and editorially.) Also mentioned are the Allegheny-

French river route and the Ohio canal and Ohio river idea.

And what has happened to the Kinzua dam which certain officials were going to build in far less

time than anyone anticipated? Poll time is nearing.

### FIFTY YEARS YOUNG

The Stein's store in Warren is celebrating its fiftieth anniversary

this week with a sale and many specialties. We want to commend Ray Stein and his father before him who have maintained a quality women's wear store in this community for so many years. And

we sincerely believe it would be worth your while to pay a visit to the store, not only to meet and shake the hand of a nice fellow, but also we suspect he will have something for you.

## Would You Like to Try The Blitz Diet?

Eat eight ounces of Walker's cottage cheese; two or three Elberta peach halves and juice. Also, if you like, two pieces of Ry-Krisp or Norwegian flat bread (Kavli or Ideal) spread with butter, cinnamon and sugar, toasted under a broiler. Coffee or tea.

Breakfast, lunch and dinner are the same for two days. And that's it.

### NO CONCERT SERIES?

We have been told that the Jaycees concert series is heading for a financial loss due to a poor sale of advance tickets last spring. With so many people in past years lamenting that no one does anything about bringing good music to Warren, this seems a bit inconsistent.

There are two major reasons for this kind of reaction. One is tv which has hurt every form of public attraction. People have developed a love for the living room and the tops in entertainment that may be found there these days.

The other reason is the many interests which people have today. With more leisure time on their hands they are developing a wider range of hobbies and activities. The result often is a crowded schedule with some families hesitating to buy tickets for dates which are so far in advance that they do not know whether or not they will conflict with preferred pleasure.

However, we believe that much of this conflict will disappear as our mixed up lives level off. Television already is driving people back to some of the activities they at least partially gave up. Watching bowling on tv has made them want to bowl. Enjoying many top entertainers creates a desire to see these people in person. We believe the swing back will occur if we can find those who will underwrite the potential losses.

We have confidence that Warren will support major attractions if confliction is avoided and if last minute sales are allowed. There is enough taste for quality in Warren to provide audiences for occasional visits.

All of us can encourage the Jaycees if we support late efforts that may be made to sell additional series tickets.

### \*\*\* INCREDIBLE!

The wet summer has been discouraging to most people, washing out picnics, spoiling weekend plans, and generally soaking enthusiasm. But it never lost this reporter a day of golf. At least not of his volition.

In every case when we walked onto a golf course we got in our round without suffering a soaking. In the case of the July cloudburst we had finished our official round and were on a second. We were under a storm shelter when it cut loose.

We are not mentioning this to boast our control over the sun, but we believe it points out a case for optimism. Never let a cloud discourage you. The odds are in your favor if you are willing to risk a bit of dampness.

### \*\*\* GRIDDERS DENIED RIGHTS

The American Civil Liberties Union which constantly takes the part of those it believes are denied their rights under our constitution, is opposing the action taken by the Pacific Coast Conference when it

imposed penalties on UCLA football players for allegedly taking financial assistance under the table.

The ACLU says the Conference resolution lumped its punishment for both the innocent and guilty, assigning guilt by association and forcing members of the squad to prove their innocence. The usual procedure under our constitution is make it necessary for the accuser to prove the guilt.

When the Conference ruled that UCLA squad members would lose a year's eligibility unless they could prove they had not received more than the \$75 a month allowed by PCC rules for campus jobs, it was violating basic American standards. It was up to the Conference to prove the guilt. Not the entire squad to prove its innocence.

### \*\*\* WHERE'S THE LINE?

Recently we read a critic's opinion on the handling of sex by the movies. He claimed the movie people were too nice about it. That too much was left for the imagination, and by not really picturing the potential relationship between involved characters, later in the play it was much easier to make the hero or heroine appear to be so pure and white, thanks to those in the audience who so chose to conclude.

This week we picked up a book club edition which has been gathering dust on our shelves. We opened to a middle page and were struck in the face by one of the most sensual and elaborated descriptions of sex we ever have seen, heard, or read. We skanned the book and found at least three of these.

If some portion of such description is important to the theme of the story, possibly rounding out the character development of a principal, it might be defended on such grounds. But much of this was there for no other reason than to stir the reader and to sell a book. One character whose actions were so vividly amplified disappeared and had no other part in the story. We are certain that this book in the hands of an emotionally immature or disturbed young boy or girl would have a bad effect. We see nothing constructive in it and believe it is deserving of the same censure as is aimed at comic books.

Good books are a strong answer to comics. Good books provide a firm base on which to build a child's future. This kind of trash, promoted and sold by a leading book club does little but twist and distort.

The name of the book? Would it not be a little inconsistent to say a book never should be read and at the same time lend it publicity?

## WARREN TAKES FRANKLIN

It was no contest Saturday afternoon when Warren defeated Franklin, 13 to 0, in a downpour before a slim crowd of faithful fans. Connie Hultman went up the middle for fifteen yards for the first one, and Bob Hartnett went about the same distance around end for the second.

Both scores came in the second quarter, with Berdine missing the first try and splitting the posts on the second. Warren missed several other opportunities in the first half, fumbling twice deep within the visitors' territory, and losing a Hartnett score when the backfield was in motion.

Warren's defense completely smashed the Franklin attack and on a dry field it was obvious that the Dragons might have piled it much higher. The second half was little more than a sloppy exhibition of wet, cold football.

Warren has some new backs with promise, but they lack the drive when it is needed. They are slow to find the hole when it opens and they lack that drive needed to meet the tackler, some of them slowing up as if to get set for the blow.

The line is looking better with every game, though the center post still provides too many bad passes. However, Saturday's greasy ball was a poor test for ball handling, with many fumbles resulting.

The team goes to Titusville Friday night. Titusville lost to a powerful Millcreek, 25 to 13, last week and beat Oil City, 12 to 6,

in its opener. If Warren can adapt to the lights and fathom the T it could take this one. That brown ball, tan jerseys, and glaring lights always prove helpful to the Rockets' deceptive efforts.

## SMOKER TICKETS OUT

Tickets for the stag smoker to be held by the Warren Sports Boosters in connection with the "homecoming day" honoring the WHS team of 1926 are now on sale. The event is scheduled for October 5 and will get underway at the Marconi Outing club at 8:30 with the main addresses by Ken Coleman, Cleveland Browns sportscaster, and Ray Sorenson, Olympic gymnast, listed at 9:30.

On Saturday the team will be guests at the Warren-Oil City football game at War Memorial field.

Tickets are available at the Style Shop, United Cigar Store, Busy Bee, B & B Smoke Shop, Texas Lunch, Blue and White, Savoy, Logan's

AND AWAY IT GOES. Despite the slippery condition of the wet ball, Franklin got off most of its kicks against Warren. The cameraman kept hoping, but the ball kept going and no blocked kicks fell into our lens.

## ACCOMMODATIONS FOR HUNTERS

Compilation of the annual publication, "Accommodations for Hunters, Fishermen and Tourists in Warren County," has been started by Paul W. Yagge and his Chamber of Commerce committee.

Letters and questionnaires have been mailed out to all those who were listed in the folder last season and should be returned no later than September 22. Any person who has rooms or any type of accommodations for hunters or tourists and did not receive a form is asked to phone the Chamber, 470. There is no charge for this service.

## NORTHERN AREA WINS

The Knights of Northern Area out-powered the Sheffield Wolverines through rain and mud Saturday afternoon and journeyed back home with a 13-0 victory. It was the season opener for Coach Norge Luvison's eleven.

The Knight's quarterback, Olson, found Rowland with a jump pass in the second quarter. The big half-back broke into the clear and romped 60 yards to pay dirt. Rowland tallied again for the winners in the third stanza with a two-yard plunge through the middle. The conversion was good.

A series of penalties in the first quarter started Coach Ralph Santo's boys off on the wrong foot.

Both squads presented a big forward wall and plenty of talent in the backfield, but showed lots of kinks that needed ironing out during the past week.

This Saturday Northern Area will play host to Youngsville at the Sugar Grove gridiron, while Sheffield will be under the arcs at St. Marys Friday night.

## EAGLES DOWN LAWRENCE PARK

The Youngsville Eagles took a 14-6 half time deficit and turned it into a 19-14 victory at the cost of Lawrence Park on Wilder Field Saturday afternoon. The outcome placed the Red and White in the win column before their visit to Northern Area this Saturday.

Don Dininny took charge of the scoring duties for Youngsville as he worked from the quarterback position. He tallied in the second quarter on a line play and in the second half passed to John McCanna for one TD and smashed the forward wall for another.

Today the men are having a medal play event. Next week no one knows what it will be. Last week it was all Dean Anderson, who posted a 75 for eighteen holes, and was hot enough the first nine to win the flag tournament. Other winners were Wally Sedwick, Harry Barley, and Al VerMilyea.

## WARREN DRIVER SECOND

Rocky Shiel, driving an Austin-Healy 100M sport car, received a gold trophy for placing second in the Class D race at the Ninth annual Grand Prix Race at Watkins Glen. He averaged 60.1 miles an hour over the 2.3 mile course among a field of about 15 cars.

## ARCHERS MAKE SHOWING

Warren archers Bob Jackson and Bud Meyers took first and second place respectively in the Northwestern conference archery shoot at Titusville Sunday. Cletus Remmy was second and Sherry Adams placed third in the free style. Charles Prigent took first in the novice division and Jamie Jetter copped the women's class.

## FOOTBALL CAREER ENDS

Steve Eisenhower, Navy All-American now serving as a 1st lieutenant in the U. S. Marine Corps, is ending his colorful football career this season. The former Sheffield high star and All-American in 1953, will report Monday to the Marine Air Station at Cherry Point, N. C.

For the past two years Eisenhower has been playing at Quantico, Va., and Pensacola, Fla. He received his Marine jet wings in August of this year.

## TOBY WINS

Toby Lyons won the annual Tri-state PGA golf tournament at Cambridge Springs Monday in a play-off with Lou Worsham of Pittsburgh and Lionel Hebert of Erie. They tied at 139 for 36 holes. Worsham was eliminated on the first extra hole. Lionel lost out on the third.

### Letter To The Editor

AN OPEN LETTER CONCERNING  
AMBULANCE SERVICE FOR WAR-  
REN AND WARREN COUNTY:

Notice was given to the Warren General Hospital, the Warren County Medical Association and the Warren Borough Council, that it was our intention to discontinue ambulance service on August 1, 1956, following which time we have given two extensions of this service. The last extension will expire at 12 o'clock midnight D.S.T. September 30, 1956.

We, the Funeral Directors of Warren, have always felt a very keen interest in the safety of the thousands of families in Warren and Warren County over a period of many years, as evidenced by the type of ambulance service we have tried to give.

The ambulance units in Warren are in A-1 condition with low mileage and may be purchased by the Warren General Hospital or Warren Borough at a reasonable price. Is this opportunity to be overlooked, and allow these units to be sold outside of Warren? All of the funeral firms in Warren have had offers for the purchase of these vehicles from outside interests. Such units are often needed many times in different sections of Warren and Warren County at the same time, with drivers and helpers to render the service Warren rightly needs. With the various industries, homes and highways in this area from which the sick and injured must be taken to Warren General Hospital, as well as hospitals in Erie, Pittsburgh, Cleveland, Buffalo, etc., active operation of these ambulances is a vital need. What hardships the people of our community and Warren County will experience without ambulance service is easy to see. No other vehicle can ever take their place.

High cost of operation to the funeral firms has been far greater than the public realize, in connection with the operation of our funeral home on a 24-hour basis.

The last meeting which we were asked to attend was in July, but there have been several meetings since that time apparently to no avail. The people of Warren have been notified of these meetings the same way as we have -- by the newspaper and radio. We believe that the people of Warren and Warren County should write to the editors of both newspapers, and to the radio station, and to state their wishes concerning the best ambulance available for YOU the people of Warren and Warren County.

It has been contended that the Funeral Directors of Warren have never actually given written notice of their intention to discontinue this service. Such notice WAS given in writing following a meeting held May 22, 1956, and the Funeral Directors have since that time attended nine meetings during which time there was discussion relative to the discontinuance of this service, but without results to this date.

Now let it be known that the following statement has been given to the chairman of the special ambulance committee of Warren Borough Council on September 17, 1956.

#### To Whom It May Concern:

At a meeting held at 10:30 a. m. on September 17, 1956 at Warren, Pennsylvania, it was agreed by the four funeral firms of Warren that the ambulance service operated by the said firms will be definitely discontinued at 12 o'clock midnight D.S.T., on September 30, 1956, and it was further agreed that no further extension of this service will be granted by the said firms after this date.

Dated at Warren, Pa., September 17, 1956.
